Summary

Full Stack Developer with hands-on experience in building scalable web applications using modern technologies. Skilled in both frontend and backend development, with a strong foundation in problem-solving and clean code practices. Completed internship experience at Prodigy Infotech, delivering real-world projects. Passionate about learning, optimizing performance, and creating user-focused solutions.

Core Technical Skills

Programming:
JavaScript, TypeScript, SQL, Python
Frontend:
React.js, Next.js, Tailwind CSS, ShadCN
Backend & Infrastructure:
Node.js, Express.js
Databases:
MongoDB, SQL
Tools:
Git, GitHub, Postman, VS Code , Codex

Experience

Full Stack Developer Intern, Prodigy Infotech Feb 2026 - Mar 2026

- Completed a hands-on internship at Prodigy Infotech, working on real-world full-stack development tasks.
- Developed and deployed multiple projects, strengthening skills in frontend and backend technologies.
- Improved problem-solving abilities by debugging and optimizing application performance.
- Collaborated on task-based projects, enhancing code quality, version control, and development workflow.

Projects

SocialApp Live Demo

- SocialApp is built using Next.js 16 (App Router), React 19, Prisma ORM, and PostgreSQL, and includes several essential features found in real-world social platforms.
- Notifications – Real-time-style alerts for likes, comments, and follows

E-Commerce Live Demo

- Designed to simulate a real-world online store with a complete end-to-end shopping experience from browsing products to placing orders and managing them through an admin dashboard.
- Managing state between cart, checkout, and order creation.

Employee Management System Live Demo

- EMS (Employee Management System) is a modern web application designed to manage employee records securely and efficiently.
