Summary

Detail-oriented Full Stack Developer with hands-on experience building responsive web applications using React, Next.js, Node.js, Express.js, MongoDB, SQL, and JavaScript. Proficient in frontend and backend development with a strong foundation in problem-solving, clean code practices, and REST API development. Completed a Full Stack Development internship at Prodigy Infotech, contributing to real-world projects in a collaborative development environment.

Core Technical Skills

Programming:
JavaScript, TypeScript, SQL, Python
Frontend:
React.js, Next.js, Tailwind CSS, ShadCN
Backend & Infrastructure:
Node.js, Express.js
Databases:
MongoDB, SQL
Tools:
Git, GitHub, Postman, VS Code, Codex

Experience

Full Stack Developer Intern, Prodigy Infotech Feb 2026 - Mar 2026

- Executed real-world full-stack development tasks using modern frontend and backend technologies.
- Developed and deployed 3+ web applications, strengthening proficiency in React.js, Node.js, Express.js, MongoDB, and JavaScript.
- Debugged and optimized application performance by identifying and resolving frontend and backend issues.
- Collaborated using Git/GitHub for version control and followed structured development workflows to deliver task-based projects.

Projects

SocialApp Live Demo

- SocialApp is built using Next.js 16 (App Router), React 19, Prisma ORM, and PostgreSQL, and includes several essential features found in real-world social platforms.
- Notifications – Real-time-style alerts for likes, comments, and follows

E-Commerce Live Demo

- Designed to simulate a real-world online store with a complete end-to-end shopping experience from browsing products to placing orders and managing them through an admin dashboard.
- Managing state between cart, checkout, and order creation.

Employee Management System Live Demo

- EMS (Employee Management System) is a modern web application designed to manage employee records securely and efficiently.
